Dear Friend of Africa:

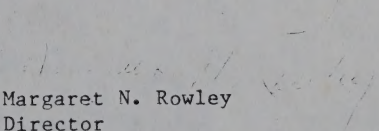

Atlanta University is continuing its Seminars on Africa by sponsoring a series entitled "Dialogues on Africa: Present Day Issues in Historical Perspective," March 24-April 28. This time the Programs will be held in various locations in the community as well as at Atlanta University so that they will be more accessible to the public.

Following our usual pattern, we have asked outstanding authorities on African affairs to present the facts and analyze the issues on selected current topics and to engage in dialogue with the audience in the form of questions and answers. The program is described in the enclosed brochures.

We are aware of your interest in Africa and we appreciate the support which you have given us in the past. You will find this new series stimulating and informative. Please distribute the enclosed brochures to your friends, colleagues and/or members of your organization in order that they, too, may share this experience.

We are looking forward to your participation with us in exploring issues and answers on African affairs. If you need additional information or more brochures, please call us at (404) 653-8733 or -8535. The late hour telephone is 696-7124.

Sincerely yours,
